2. [redacted] In response to his inquiry regarding [redacted] I advised David Martin, in the office of Senator Thomas J. Dodd, that neither [redacted] nor the other two persons mentioned in the letter received from a Bridgeport, Connecticut constituent, were in any way connected with this Agency. I added that I doubted that the Senator would want to be involved in this case.

Mr. Martin advised me that Senator Dodd had been admitted to the hospital in Connecticut today for rest and observation.

3. [redacted] George Murphy, Joint Committee on Atomic Energy staff, called to say Senator Henry M. Jackson had scheduled public hearings on U.S. ABM Systems on 6 and 7 November and said the Senator desired to have executive sessions on 8 November with the Joint Chiefs appearing in the morning and the Director appearing in the afternoon. Senator Jackson would like the Director to review the status of foreign activities relating to ABM and ICBM programs with particular emphasis on the Sino-Soviet systems. I told Murphy we would check on this and be in touch with him.

I took this opportunity to acknowledge receipt of Mr. Conway's letter on the Philby case and told Mr. Murphy we would be in touch with him later on this.
